## **Section 1: Committee Updates**

This section is filled out by the chief officer from each of the Alliance LARP committees.

### **Rules**

Most of ARC's effort this month has been put towards finalizing the 2.1 ruleset for its June release date. Work done includes reviewing existing rules to ensure 2.1 compliance, drafted sections of the new rulebook, and reviewing new 2.1 rituals.

### **Technical**

The Technical team continued their work on the AMS development to get it ready for 2.1.

### **Diversity**

The Diversity team continued their work on projects started in prior months.

### **Design**

This month the Design committee continued to make progress on an updated monster database.

### **Documentation**

A draft of the 2.1 rulebook has been completed, and has been sent to the Presidents, ARC, Tech, and the GM team for review. While it's being reviewed, the Documentation team has shifted focus to collecting photos and making adjustments as feedback is received.

### **Publicity**

The Publicity team is still in search of a new Chief Officer.

### **Best Practices**

With a new Chief Officer onboard, the team has begun exploring a unified template for all future documents to follow.

## **Section 4: Projects in Development**

As June approaches, and with it the official go-live date of the updated 2.1 ruleset, all efforts by the National Staff has been put towards ensuring all necessary items are completed to make the transition. We are happy to report that we are on track, and we look forward to sharing with the larger Alliance community the results of this several year process.
