## **Section 1: Committee Updates**

This section is filled out by the lead representative from each of the Alliance LARP committees.

### **Rules**

ARC completed the 2.1 Alpha packet and delivered it to the Owners for review earlier this month. [It was released publicly on December 28th on the forums](#). ARC has continued to make additional progress on both ritual review and superior equipment.

### **Diversity**

Diversity completed one project this month, a document on “playing fair”.

Progress is continuing on the medical forge policy document, which has now grown to include changing character names/genders with the intent of making characters more comfortable. The team has instituted 'ambassadors' for the docs committee, essentially individuals who look over things submitted by docs to check that it's in line with our standards for inclusiveness and sensitivity. Justin M., the lead of the Diversity Committee, is seeing to the first part of the National Consent Policy draft, which is in reference to consent during game weekends.

### **Publicity**

The Publicity committee worked to pre-load two months worth of posts over on the Alliance Larp's [Facebook Page](#).

Juliet M. is serving as lead while Stephen D. is on a temporary leave of absence.

### **Design**

Rituals and Concepts as part of 2.1 are being submitted to ARC for review. Design is working on a "Design Jam" for the winter holidays. Committee Members are working independently or in teams on any project Alliance related, even those outside the current schedule.

### **Documents**

The Documents team completed about 25% of the second draft of the 2.0 rulebook, changing things and implementing items from the Player's Guide.

The committee will see member numbers drop to around five in 2022 upon completion of the bulk of the rulebook's rewrites.

## **Best Practices**

A new committee, which we're calling the Best Practices Committee, is being created, with the intent to gather information and resources across multiple facets of our organization and translate them into guidelines and resources for the membership at large. Keep an eye out for more information coming soon.

## **Section 2: Chapter Updates**

This section is filled out by a representative from each chapter who wishes to contribute any important updates. This month, we received updates from the following chapters:

## **Section 5: Projects in Development**

This section provides some information about any national level projects which are currently in development. If you are interested in getting involved with any of these projects, please contact Albert at: [dragonstamps@alliancelarp.com](mailto:dragonstamps@alliancelarp.com)

Happy holidays, Alliance community! The national staff is excited to finally be able to share one of the major projects we've been working on this year; [the alpha version of the changes we're moving towards implementing for Alliance 2.1](#). Before we start official live playtests of these new rules, we'd like to hear your feedback over in the [rules forums](#) or on [Discord](#). In January we'll also be posting a survey which will come with a dragon stamp reward for participation, so stay tuned!
