Section 1: Committee Updates

This section is filled out by the chief officer from each of the Alliance LARP committees.

Rules

ARC has continued to work on updates and changes to the 2.1 update based on player and owner feedback.

Technical

The Technical team continues to work on the upcoming AMS, which is now being hosted on our staging site with auto-deployment of new changes.

The Rebrand sub-team has been working on a new Alliance LARP logo, item tag, and other brand asset designs, as well as copies for the website.

The team is currently recruiting for skilled React developers. If you're interested in getting involved, email Albert at: dragonstamps@alliancelarp.com.

Diversity

The Diversity team worked on two main projects this month. The first is an anonymous form to submit feature requests and incident reports by players, which is expected to be finalized in December 2022. The second project is an Alliance Code of Ethics, a draft of which has been produced to the owners for feedback.

Design

Design completed processing and responding to the one on one and collective feedback from the owners on the 2.1 Packet. The team also made progress on Project Monster Desk.

The team is looking to recruit a new member with experience with monsters, rituals, and/or plot. If you're interested in getting involved, please contact Albert at dragonstamps@alliancelarp.com.

Documentation

While the 2.1 Ruleset is being playtested and finalized, the Documentation team has shifted focus to sifting through the first batch of received photos for inclusion in the new Rulebook. The team has sought out photos from chapters for which they don't currently have representation.

We are looking for pictures, specifically of good role play moments and crafting. We will need the consent of everyone in the picture and the photographer in order for us to be able to use them. They can be sent to sbsalliancedocs@gmail.com. Please include which chapter they were taken at.

Publicity

The Publicity team is still in search of a new Chief Officer.

Best Practices

The Best Practices committee continued to work on the following documents; Welcoming New Players, Mission Statement, Pre-Reg Tutorial, and a breakdown of Superior Equipment.

Section 2: Chapter Updates

This section is filled out by a representative from each chapter who wishes to contribute any important updates. This month, we received updates from the following chapter(s):

No chapter submitted an update for the month of November.

Section 3: Featured Events and Conventions

We are less than a year from the 2023 National Event, hosted jointly by Alliance Denver and Alliance Crossroads. The event is planned for October 6-9, 2023 in Elbert Colorado. More information can be found in this [FAQ](#).

Section 4: Projects in Development

This section provides some information about any national level projects which are currently in development. If you are interested in getting involved with any of these projects, please contact Albert at: dragonstamps@allancelarp.com

The 2.1 beta playtest period is nearly over. If you've attended a playtest event since October, this is your final reminder to submit feedback via the [2.1 Beta Playtest Survey](#). Feedback submitted for playtest events occurring since October will be rewarded with Dragon Stamps, which will be applied in the CMA after the playtest period has ended.

We are also awarding a free Dragon Blanket for the month of November to all Alliance players who are or were members of the US Armed Forces. Please see [this announcement](#) by the Alliance Owners for more details on how to apply for it.
